

STROHSCHHEIN LAW GROUP_{LLC}

Protecting What Matters

630-377-3241 ▪ St. Charles, IL

Our tagline is “The Experience You Require and the Compassion You Appreciate” because we deal with sensitive family situations every day. Our core values help us to stay focused on these important issues when we are helping you protect what matters for your family.

Approachable

From our free monthly education and community programs to our Care Coordinator and legal team who helps families advocate through the long term care maze, we aim to be approachable so that families can feel comfortable asking their questions and getting the solutions they need.

Client Focused

Our client’s time is just as important as our own, therefore, all initial appointments include the attorney who develops legal strategy and the paralegal who will implement that strategy. Each potential client will receive good value for their time and money spent in working towards the strategy decided upon. Our focus remains on the client rather than any cookie-cutter products.

Collaborative

We seek to collaborate with referral sources and community providers to implement the desired outcome for our clients. We advocate, and sometimes litigate, our client’s position when it comes to the best care, the best plan or the best strategy to reach our client’s goals.

Compassionate

Our team is made up of family and those who have become our family. We aim to treat your family like our own as we guide you through the areas of estate planning and elder law.

Experienced

Our boutique law firm is made up of experienced attorneys who focus in these legal fields every day. Each attorney seeks to obtain the Certified Elder Law Attorney designation and all attorneys and paralegals in our office continually improve their education with a rigorous 16 month training program for new hires and weekly educational training seminars.

**Linda Strohschein, JD and Principal Attorney
is a Certified Elder Law Attorney
by the National Elder Law Foundation.***

*The Supreme Court of the State of Illinois does not recognize certifications of specialties in the practice of law and this certification is not a requirement to practice law in Illinois.
